**Subject:** RE: Further request for information on drug analysis

When we reply, we should be aware that Mr. Naro will be cross examining analysts some day, and we need to prepare our analysts for what he is likely to ask.

Cam

**Subject:** Further request for information on drug analysis  
Ms. Nassif, Ms. Pribeck,

I have an additional request for information regarding drug analysis procedures at your lab. In particular I would like all written procedures, (such as laboratory procedures), used to guide or instruct analysts regarding testing for the presence of cocaine in or on suspected drug paraphernalia, (such as crack pipes or other paraphernalia used to smoke cocaine). The procedures for 2008 would be adequate for my needs.

I want to thank you both again for all of your help thus far. As a student who is just learning the ropes having people like you work with me means everything.

Please do not hesitate to call or email me with any questions. My cell phone is [REDACTED]

Best,

Tony Naro
